SUMMARY

Full stack engineer with 5 years as the sole developer at a startup — owning architecture, infrastructure, integrations, and a complete Vue-to-React migration. Recently built Task Toad, a SaaS tool that turns high-level project goals into shipped code through automated planning, execution, and review. Pursuing AWS Solutions Architect certification. Strong communicator with an English and Media Arts background.

PROJECTS

Task Toad — AI-Powered Project Management SaaS

tasktoad.app

- Architected and built a multi-tenant SaaS platform end-to-end: React, TypeScript, GraphQL, PostgreSQL, Docker
- Designed an AI orchestration pipeline that decomposes goals into dependency-aware tasks, generates code, creates PRs, runs AI code review, and monitors CI — with real-time progress via SSE
- Implemented multi-tenant org isolation, role-based access control, and encrypted secrets at rest, with deep GitHub integration for automated PR management and CI monitoring

EXPERIENCE

Software Engineer → Lead Software Engineer | MakeMine | 2019–2024

Promoted to Lead January 2024. Sole engineer for most of the 5-year tenure.

- Sole engineer for a suite of proprietary applications — owned architecture, frontend, backend, third-party integrations, and production infrastructure across the full stack
- Led and executed a complete Vue 2 to React migration, modernizing the entire frontend codebase and improving maintainability
- Integrated Shopify, payment processors, and third-party APIs; managed vendor relationships and offshore developer coordination
- Scoped features and prioritized work directly with business stakeholders, shipping under tight startup timelines

SKILLS

Backend Node.js, Express, GraphQL, REST APIs, PostgreSQL, Prisma, TypeScript

Frontend React, Next.js, JavaScript (ES6+), Tailwind CSS, Vite

Cloud & DevOps AWS (Solutions Architect in progress), Docker, Git, GitHub Actions, CI/CD, Playwright, Vitest, S3, Railway

EDUCATION & CERTIFICATIONS

AWS Solutions Architect — Associate | In Progress (expected 2026)

Full Stack Web Development Certificate | UNC Charlotte | 2019

BA English & Media Arts, Minor Business Administration | University of South Carolina | Dean's List
